WORK EXPERIENCE & PROJECTS

IT Support Technician | Riverstreamz | La Puente, CA

May 2026 - June 2026

- Set up, tested, and secured voting equipment daily across polling locations, ensuring full device accountability and on-time operations for the 2026 Special Elections
- Resolved 50+ hardware/software malfunctions across ePollbooks, Ballot Marking Devices, printers, and mobile work phones, preventing service gaps during live voting hours
- Maintained chain-of-custody documentation for serialized election equipment to meet security and compliance standards

Tournament Assistant/Helper | USA Badminton Jr. ORC | Frisco, TX

April 2023 & 2024

- Recorded and managed scores for 500+ matches daily over a 3-day tournament in Excel, maintaining accurate, real-time match results tracking
- Resolved participant and spectator questions on schedules, match details, and tournament logistics, ensuring seamless tournament flow
- Coordinated with the tournament director to assign officials to matches based on schedules and availability, ensuring on-time match execution

YogaFlow | Frontend Developer | BroncoHacks | Pomona, CA

April 2026

- Served as main strategist for a 4-member hackathon team, directing UI/UX decisions and design flow for a real-time yoga training app with live pose-detection feedback
- Built responsive UI components in React, TypeScript, and Tailwind CSS, translating MediaPipe pose-tracking data into an intuitive, real-time interface with live match scoring and guided session transitions
- Designed a clean, calming UI that adapts to time of day, shaping the flow across three difficulty modes and a cooldown meditation experience for an interactive yet mindful user experience

UI/UX Team 1 | Cal Poly Pomona sheCodes | Pomona, CA

August 2025 - November 2025

- Led the UI/UX redesign of the CPP mobile app (Campus Life section), improving the Campus Life homepage, BRIC, and Dining pages by restructuring navigation, consolidating content, and reducing user steps by ~30%
- Integrated SSO and added key features such as campus news/events, BRIC facility info and peak hours, and searchable dining hours to improve accessibility for residential and commuter students
- Collaborated in weekly sprints within a 5-member team, and presented a live demo to professors and software engineers, contributing to an on-time, user-centered prototype

LEADERSHIP & ACTIVITIES

CPP Badminton - College (Ongoing) | Pomona, CA

Vice President

Elected August 2025

- Managed budget allocations for trainings, travel, team bonding events, and jerseys, while coordinating trip planning and practice schedules with the executive board
- Ensured member dues compliance and held executive board members accountable for their responsibilities
- Represented the club at Student Interest Council (SIC) meetings
- Led and mentored teammates while also competing in collegiate competitions (MVP)
